

Those Who Know Us Continue To Recognize Us.

Community First Bank is honored to be named as “**Best Bank**” for the third year in a row.

However, this award should rightly be called “**Best Bank Employees.**” Because we believe each vote cast for us was a thank-you for a positive banking experience with one of our bankers—a prompt response, helpful advice or a simple transaction that began and ended with a smile.

Those of you who voted for us were endorsing people you know as experienced, effective professionals. But you also know them as caring friends and neighbors who are active in the community.

All of us at Community First look forward to continuing to provide the high level of service that so many of you have come to recognize.

Serving the Upstate since 1997
